改句时，先走对这条路

速查图 1 / 2 先看题目要什么 → 圈出主语 → 选结构 → 检查要变的词

先问：我是要“问一句”，还是“改否定”？

问一句：一般疑问句问“是不是 / 能不能”；特殊疑问句先选“问什么”。

↓

① 句中已有 be

am / is / are → 放在主语前

She is happy. → Is she happy?

否定：She isn’t happy.

② 句中已有 can

can → 放在主语前；后接原形

She can swim. → Can she swim?

否定：She can’t swim.

③ 一般现在时普通动词：请 do / does 来帮忙

I / you / we / they → Do；he / she / it / 单个人或物 → Does

She likes cats. → Does she like cats? 否定：She doesn’t like cats.

出现 does / doesn’t，后面的动词回原形：likes → like；has → have。

have 的两套，别拼在一起

She has a bike.

→ Does she have a bike?

She has got a bike.

→ Has she got a bike?

“某处有”和“正在做”

There is a cat. → Is there a cat?

There are cats. → Are there cats?

She is reading. → Is she reading?

别把 is / are 漏掉。

原形与三单：最后再检查一次

普通动词肯定句：She likes / watches / studies / has…；I / you 不算三单。

通常加 s；ch / sh / s / x 等结尾加 es；辅音字母 + y → ies；have → has。

can / do / does / don’t / doesn’t 后的主要动词，用原形。

Let’s play. / Let him play. 否定：Let’s not play. / Don’t let him play.

祈使句：Open the door. → Don’t open the door. / Don’t be late.

我要问什么？我要感叹什么？

速查图 2 / 2 画线信息选疑问词；要表达“多么……啊”，再走 What / How

普通特殊疑问句：疑问词 + 一般疑问句的结构

地点：Where is Tom? 喜好：What does Tom like? 能力：What can Tom draw?

例外提醒：问“谁做”时 who 当主语 → Who likes cats?（不用再加 does）

按信息找疑问词

什么 what	谁 who	谁的 whose	哪里 where
何时 when	几点 what time	星期 what day	日期 what date
为何 why	哪个 which	方式 / 状态 how	几岁 how old
颜色 what colour	尺码 what size	学科 what subject	种类 what kind of
可数数量 how many + 复数		量 / 价格 how much	
多长 / 多久 how long	多远 how far	多常 how often	还要多久 how soon

拓展：多高 how tall；多重 how heavy；宾语“谁”也可用 whom。 提建议：What about / How about + 名词或动词 ing。

What：后面带“名词这一包”

一个可数物：What a nice bag it is! / What an old bike it is!

复数：What nice bags they are! 不可数：What nice weather it is!

单数可数用 a / an；复数、不可数不用。

How：后面突出“怎么样”

形容词：How nice the bag is! 副词：How fast Tom runs!

主语和动词保持陈述语序：the bag is；不是 is the bag。

最后看一眼：问号，还是感叹号？

What colour is the bag?（问颜色） / How beautiful the bag is!（感叹）

问句常把 be / can / do / does 放主语前；本套感叹句保留陈述语序。
